MidJourney Prompts Guide

Here’s a curated list of interesting MidJourney prompts that capture a wide array of themes and artistic styles, highlighting the versatility and creative potential of AI-driven image generation:

Cyberpunk Themes

Immerse in a dystopian future where a commando equipped with advanced weaponry navigates a cityscape filled with high-rise buildings, all depicted in a cyberpunk aesthetic.

Natural and Historical Settings

Create images that bring to life the rich textures of historical periods like the Renaissance or capture the serene beauty of natural scenes such as a forest in autumn.

Fantasy and Realism

Combine elements of fantasy and realism with scenes like a sage meditating in a detailed cave setting, which blends photorealistic environments with fantastical themes.

Artistic Styles

Experiment with artistic techniques such as trompe l’oeil to craft images that evoke dark, gothic atmospheres with complex, illusionistic details.

Serene and Complex Scenarios

Explore surreal scenarios like viewing a quasar at the end of a hallway, merging cosmic phenomena with everyday architectural elements to create visually striking images.

Example Prompts

Cyberpunk Theme

Prompt: "A cyberpunk cityscape at dusk, neon lights flickering in the rain, a lone commando with futuristic armor and dual blasters stands ready on a rooftop, overlooking a bustling market below. Style: dystopian future, high-detail, neon-lit ambience, with a focus on dramatic shadows and wet surfaces. --ar 16:9 --v 5"

Natural and Historical Settings

Prompt: "Renaissance rebirth scene featuring a bustling market square in Florence during the peak of the Renaissance, with artists, merchants, and townspeople. Style: detailed human figures, vibrant colors, dynamic lighting capturing the golden hour. --ar 3:2 --v 5 --q high"

Fantasy and Realism

Prompt: "A wise old wizard sitting by a crystalline lake inside a vast cave illuminated by glowing stalactites, meditating with a magical staff in hand. The background features fantastical creatures peeking from behind the rocks. Style: photorealistic fantasy, high detail in textures, ambient lighting. --ar 16:9 --v 5"

Artistic Styles (Trompe l’oeil)

Prompt: "A haunting gothic portrait painted in the trompe l’oeil style, depicting an ancient library with books that seem to emerge into reality. Ghostly figures appear subtly between the aisles. Style: gothic dark, ornate details, illusionistic depth. --ar 4:3 --v 5"

Serene and Complex Scenarios

Prompt: "A serene yet surreal scene of a glowing quasar at the end of a long, modernist hallway, with minimalist furniture and large windows showing a distant galaxy. Style: hyper-realistic details, high contrast lighting, a blend of cosmic and architectural elements. --ar 16:9 --v 5"
